SANDRA AND GERALD FINEBERG ART WALL

Current exhibition November 3, 2022 – January 21, 2024

The Institute of Contemporary Art/Boston is one of the first museums in the country devoted to the art of our time. Founded as a “renegade offspring” of New York’s Museum of Modern Art in 1936, it was originally called the Boston Museum of Modern Art.

In this new commission, Untitled (Hope/Fear), 2022, Barbara Kruger uses the wall’s unique architecture to create bold artwork. Kruger has been a consistent, critical observer of contemporary culture.

Along the eastern interior wall of the lobby is the Sandra and Gerald Fineberg Art Wall, a space dedicated to original work commissioned from a new artist each year.

The ICA’s dynamic visual arts program features thematic exhibitions of leading contemporary artists.
